## Harvest in Light Romania

God really blessed the Harvest in Light missionary training that we had past last month! There were 13 students attending from Romania and Moldova. We had classes in personal evangelism, public evangelism and combining business with mission. In addition to our team giving classes we were also blessed to have Laurent Thaeber joining us again to teach on church history this year!

In the second week we took some afternoons to go on outreach in the nearby city of Fagaras and in some of the villages close by. We had some music evangelism and also door-to-door work. There were very many good experiences and a lot of nice conversations, as well as many books shared.

Pray for these young people who have a desire to walk with God and be used in His service! Also we will be soon be giving information about some changes that will be coming for Harvest in Light! So stay posted!

## New Logo

As you may have noticed, Frontline Messenger has a brand new logo!

## ASI-Europe Convention & Business Club 7

The last weekend of August three of our team attended the ASI-Europe convention in Poland where Doug Batchelor was one of the main speakers. There we had a booth and also a workshop to share about the ministry and also about Business Club 7 which we recently started.

Business Club 7 is a holding company that exists is to help empower adventists to be able to support themselves in mission work and help to bring the gospel to the world in this generation. We have developed a number of franchise opportunities help both of these goals become a reality.

Through our experience with the businesses we have opened and run, we would like to give others an opportunity to open a franchise under Business Club 7. In addition to the newsletter we will attach another document with more information!

## Tithe Update

After much study and prayer Frontline Messenger would like to inform all those who are supporting our ministry that we will no longer be accepting tithes which are sent to us. We have never solicited or asked for tithes, but there have been those who have supported us with their tithes. Please do not send your tithes to Frontline Messenger anymore as we will need to then return it to you. If you have any more questions, please feel free to contact us.
